

BRAZILIAN MODERN

1950-1970. The Masters of Style

Collection Catalogue: April 2010

Catalogue_04_2010

The collection

The collection comprises approximately 120 pieces of Brazilian Modernist furniture from the most creative period for Brazilian architecture and furniture design.

Along with pieces universally known such the Tónico suite of Rodrigues the spider table by Scapinelli and the tables and chairs by Tenreiro, the collection contains many pieces by unknown designers, produced in precious materials such as Jacaranda, leather and cane.
